Details of the goose hunt weekend are as follows:

Women 16 years of age must have a small game Hunting license hunting, Federal Waterfowl Stamp, and a HIP number.

The women will need to have the proper ammunition for this hunt. They must have Steel or Non-Toxic shot (No Lead Shot allowed). A recommendation for ammunition is at least # 2 or BB size shot for this hunt.

On the back side of this form is a checklist that we would like for the women to fill out. These are suggested items that they may need to go hunting. It is not required that they have these items when they show up for safety day or for the hunt. We are just trying to get an idea what they do have.
